Welcome to the world of

Art and Elegance

ABOUT US

DSON is a leading bathroom brass ware manufacturer providing high quality taps, showers, accessories and fittings to customers across the country.

DSON belongs to manufacturers of bathroom fittings known for quality and elegance. The far sighted vision of management raised the company to new heights in a very short span of its operation.

At DSON faucets are supplied with reliable and carefully through-outsolutions, so you don't have to suffer for the sake of beauty. Evolving with changing life styles of people and understanding their need. DSON envisioned a whole new world of bathroom fittings and accessories.

Our products have been designed to withstand daily use, year after year, without problems. All new designs are fully tested using prototype models and operational performance is checked under extreme conditions. So all our models get a rough start in life. But we are not content with less, because without stability, the good life fades away like morning dew.

Our goal is just to be simple and ambitious.

We want to give you a better life with water.

We want to do more than just make taps. We make fittings for your well-being - for life, for you.

Every product that we offer is created and produced around our four core value

QUALITY

All of our products are passed through straight quality assurance processes to ensure that they reach the exacting standard.

INNOVATION

We pride ourselves on delivering outstanding new products keeping in pace with new technology & design.

DESIGN

Our products range from traditional mixers, showers valves and accessories to contemporary design including waterfall style spout, handle option in different styles and product that use the latest technology. Our global processes ensure we name at the cutting edge of international design trends.

SERVICE

We have a team of people dedicated to developing product range that innovate in their form and function. We design products that not only look great but are easy to install, maintain and minimize environmental impact.

Modern design and refreshingly high-quality products

Create your dream bathroom with our extensive portfolio of bathroom collections and complete bathroom suites filled with beautiful faucets, showers, toilets, sinks and bathing products coordinated for your style.

CARTRIDGES

The heart of every faucet the cartridge is responsible for controlling water supply.

Dison cartridges are 5 lacs cycle tested to give a longer and trouble free operating life up to 20 year.

Wide angle of lever provides ultra comfort and flawless, smooth operation.

Our cartridge spindle is made of brass instead of plastic, to avoid breakage.

Work smoothly even at high temperatures (85 degrees) and in various pressure condition (0.5-10 bar).

AERATORS

Devices that mix air with water to give a soft high flow

- Our integrated honeycomb-structured aerator, provides lime build up protections.
- Integrated anti-clogging dome screen of the aerator filters sediments and dust particles.

CHROME FINISH

Upper shine protection layer provided High plating thickness (Nickel 10 Microns and Chrome 0.3 microns) provides tolerance to extreme climate and water conditions.

Water becomes Magical

A large, artistic graphic of a water splash dominates the lower half of the page. The water is depicted with dynamic, flowing lines and numerous bubbles of varying sizes, creating a sense of movement and freshness. The splash originates from the bottom left and moves towards the upper right, with smaller droplets and bubbles trailing behind it.
